

CIS Countries

In an attempt to reverse negative growth and pay off over \$3 billion in foreign aid, Ukraine announces a massive liberalization of their state privatization program to encourage more international investment and enterprise. With many of the bureaucratic hurdles removed, investors from all over the world queue up to claim their stake in this economic and politically strategic CIS country. Fortunately your customers were the first in line, because you provided them the information they needed to act quickly.

The **CIS Countries CustomWire** provides real-time news reports covering a vast spectrum of topics that impact the Commonwealth of Independent States. With around-the-clock coverage of the economic, political, environmental, business and social developments of the CIS countries, your customers will never have to wait for the information that impacts their interests and governs their decisions. Whether a new economic stimulus package is adopted or political instability surfaces, adversely affecting trade and business opportunities, the **CIS CustomWire** delivers the information your customers need to flourish.

The **CIS Countries CustomWire** capitalizes on reporting from the region's premier business news agency, **RosBusinessConsulting**, as well as globally respected news agencies including **Xinhua News Agency**. In addition, the **CIS Countries CustomWire** includes the region's corporate announcements from respected press release services--**PR Europe** and **Hugin**.

If your clients are affected by events in Azerbaijan to Uzbekistan, as well as Russia, Comtex's **CIS CustomWire** is the answer--a comprehensive source for the region's news.
