

China

The Chinese government announces they are relaxing import restrictions, thus granting unprecedented access to a previously untapped reservoir of business and financial opportunity. Time is short and reaction time is vital, but your clients don't need to worry. While their competitors were waiting for the big news and trying in vain not to trip over each other to capitalize on this once in a lifetime business opportunity, your clients have already submitted proposals and established contact with the decision makers of this enormous consumer market. How did they know so quickly?

The **China CustomWire** provides real-time news reports encompassing a wide and diverse realm of topics that impact the world's most populous country. With continuous coverage of the economic, political, business, trade and legal developments of China, your customers will never have to wait for the news that impacts their interests and influences their decisions. Whether a new trade agreement is reached or the door to China's growing market is opened a little further, Comex's **China CustomWire** delivers the information you customers need to get a jump on their competitors.

Capitalizing on China's premier news service, **Xinhua News Agency**, as well as globally respected agencies including **Sinocast**, **Asia Pulse** and **Asia in Focus**, the **China CustomWire** has the broadest coverage of China's unfolding news events with regional as well as national and international reporting.

Comtex's diversified publisher network not only guarantees the highest quality of specialized reporting to ensure your clients have an edge on their competition, but also provides them with the peace of mind knowing they will always have the information they need to be successful. Comtex's **China CustomWire** is the premier source for news on China.

Statistics
