

Energy

The reach of the energy industry is like that of a great power plant, stretching across the landscape to power corporations, economies, political movements and your customers interests. A major electric utility collapses and the stock market takes a dive. Russia maneuvers to outwit OPEC and rocks it's economy. A new nuclear reactor in the UK provokes anti-globalization protests. If your customers are invested in any stock market, any country or any political movement, their every move is influenced by energy news. How can your customers tap into this industry's grid?

The **Energy CustomWire** delivers in-depth news on all sectors of the energy industry, including nuclear, coal, natural gas, petroleum and alternative power. Comtex's **Energy CustomWire** provides coverage of international trade deals, worldwide production, usage and regulatory issues, awarded contracts, business acquisitions and investments, environmental incidents, energy exploration projects, pipeline constructions, international energy disputes and financial summaries on the industry's impact on the world's economies.
