

French Select

French Select is a diverse offering of French language content from around the world. Comtex's aggregation of native language real-time newswires delivers business news and information as well as top international stories. **French Select** topics include breaking news, companies, people, economy and markets. With a unique offering from a variety of publishers Comtex delivers fast and comprehensive reporting.

French Select is comprised of the following publishers:

- **CCN Matthews:** has become one of Canada's foremost distributors of news releases, proudly working with over 3,000 Canadian organizations listed on all Canadian stock exchanges as well as not-for-profit sectors across the country. Founded in 1960, CCN's mission is to deliver company news in the most appropriate manner to the media, the financial community and your targeted audiences--regionally, nationally, and around the world.

Canada Newswire: An integrated multi-technology, bilingual communications company, recognized as a leader in the dissemination of full-text news releases since 1983. Canada Newswire distributes more than 70,000 news releases annually on behalf of more than 10,000 Canadian and international organizations.

AllAfrica: An award-winning international agency that has been a leading information source on Africa for over 25 years. AllAfrica provides editorial and managerial oversight and produces periodic investigative and analytical reporting, as well as carefully selected documents--key speeches, reports, and announcements--from governments, non-governmental organizations and other newsmakers.

PR Europe: Provides corporate release services for the French European market, with a focus on native language origination rather than translation.

Statistics
